

Improve Lives

Work with members of our community to make an impact and support our initiative for social change.

T.A.L.L.O.M. devotes its energy to advocating for the youth and families of politically underrepresented members of the district of Brownsville/East New York.

There is no need too great and no voice too small to be heard. We work to contribute to the future of at-risk youth and impoverished inner-city communities.

UPCOMING EVENTS

We actively coordinate life-enrichment activities to benefit youth and the families we serve. It's why our monthly and annual events get so much attention.

OUR MISSION

Empowering youth to thrive by equipping them with tools to create positive change within themselves and their communities.

MAKE A DIFFERENCE

Meeting the needs of our community isn't seasonal. Ongoing support and awareness of our vision allows us to do remarkable things and is vital in maintaining our goals.

OUR WORK

This Awesome Little Light of Mine, T.A.L.L.O.M. Foundation, Inc., is on a mission to open doors to a wide range of life-changing opportunities for inner-city youth and communities. Serving the Brownsville/East New York low-income community in Brooklyn, New York, we seek to provide ongoing support to at-risk youth and families with programs and services designed to supply individuals with the resources needed to thrive in challenging situations or environments.

Empowering At-Risk Youth

Inner-city youth face constant challenges living in the district of Brownsville/East New York: gang and drug influence, delinquent behavior, teen parenthood, and low school performance. Situations of this nature often place youth of the community at a severe disadvantage and can plunge them into a cycle of dependency. Our goal is to ensure that at-risk youth make a successful transition into adulthood with the chance to become respected members of society.

Nurturing Low-Income Communities

Residents of impoverished communities often struggle to overcome high levels of unemployment, violence, family dysfunction, and poverty. Families become overwhelmed with the circumstances and often spiral into a sense of hopelessness. Many want to reach out for assistance but feel they have no options to choose from in which to escape oppressive conditions. We strive to make a profound social impact in the Brownsville/East New York neighborhood and provide community-based programs to give the underprivileged an outlet to a better way of life.

The T.A.L.L.O.M. Foundation is on a heartfelt mission to bring hope to at-risk youth and the troubled community we serve. Our purpose is to inspire action for positive social change.
